

SkillsUSA Utah Fair Play Pledge for Advisors

It is the intention of the SkillsUSA Utah state association and all contest organizers and participants to promote integrity, fair play and respect for all participants within the SkillsUSA Utah Leadership and Skills Championships competitions. All Host Teachers/Advisors must sign and submit this pledge to the SkillsUSA Utah state director either on paper or electronically at skillsusa.utahstatedirector@gmail.org before the start of any contest at your school location.

I agree to abide by the principles of SkillsUSA and the Fair Play Code (see below) as set forth by the SkillsUSA Utah Championships. This commitment to fair play will pave the way for better competitions and positive attitudes.

Fair Play Code:

1. I will host a fair contest because I want to, not just because others expect me to.
2. Prior to the contest event, I will make sure that all equipment and facilities are safe and ready for a fair contest.
3. I will remember that students need an advisor they can respect.
4. I will follow all rules of SkillsUSA and the spirit of fair competition.
5. I will do my best to be a true team player.
6. I will remember that winning isn't everything—having fun, improving skill and preparing **all** students for successful careers are also important.
7. I will exclude myself from making any decision or taking any action that may affect the outcome of the contest.
8. I will allow the contest judges to make critical decisions and will not use my power as the Host Teacher to influence or persuade them in any way.
9. Once the competition begins, I understand my role will solely be focused on the safety and health of all attendees. I will only interact with the contestant if required to maintain safety.
10. I will ensure that my host school follows all CDC, state, county, district and school COVID-19 procedures and recommendations currently in force at the time of the competition.
11. I will not interact with my student(s) in any way to provide guidance or direction in the competition, except when required to guarantee that contestants follow proper safety procedures.
