

SkillsUSA Utah Fair Play Pledge for Proctors

It is the intention of the SkillsUSA Utah state association and all contest organizers and participants to promote integrity, fair play and respect for all participants within the SkillsUSA Utah Leadership and Skills Championships competitions. All contest proctors must sign and submit this pledge to the SkillsUSA Utah state director either on paper or electronically at skillsusa.utahstatedirector@gmail.org before the start of any contest at your school location.

I agree to abide by the principles of SkillsUSA and the Fair Play Code (see below) as set forth by the SkillsUSA Utah Championships. This commitment to fair play will pave the way for better competitions and positive attitudes.

Fair Play Code:

1. I acknowledge my responsibility to ensure that the competition I am proctoring is conducted in a fair and equitable manner. This includes all on-line exams, web-based contests, virtual/video events, etc.
2. I will follow all rules of SkillsUSA and the spirit of fair competition.
3. I acknowledge my responsibility to assist the judges during this virtual event by carefully following their instructions. I am not a contest judge and will not be involved with scoring or evaluating any competition events.
4. I will remember that winning isn't everything—having fun, improving skill and preparing **all** students for successful careers are also important.
5. I will exclude myself from making any decision or taking any action that may affect the outcome of the contest.
6. I will allow the contest judges to make critical decisions and will not use my presence as the contest proctor to influence or persuade them in any way.
7. I will not interact with any student(s) in any way to provide guidance or direction during the competition.

Proctor Name: (Please print clearly) _____

School: _____

Signature: _____ Date: _____
