The 2019-2020 State Officer team has done so much to prepare for this year. They have joined other state officer teams from the other CTSO's including, FFA, FBLA, HOSA, FCCLA, and TSA for a leadership training in Logan, Ut. They have attended Leverage, a leadership training for state officer teams all over the U.S. just before the National Conference. Using the information they have learned at these conferences, they created 5 workshops to facilitate at our Fall Leadership Conference, held at Utah Valley University on October 8th. We had about 400 attendees learning how to identify employability skills, how to run a meeting, develop qualities of leadership, the best way to represent yourself on a resume, and how to effectively and efficiently communicate with others. They can't wait to prepare for the Utah Leadership and Skills Conference on March 26th and 27th 2020. They are looking forward to seeing the difference that they can make in SkillsUSA Utah, by building their leadership skills so they can reach out to more people who could benefit from this organization, and they are looking forward to getting to know the awesome people who participate in SkillsUSA.

SKILLSUSA UTAH ALUMNI AND FRIENDS ASSOCIATION

Dear Former SkillsUSA Member,

How have you been since you were a member of SkillsUSA? If you are familiar with how SkillsUSA works, then you know how much the organization means to it's students. We hope you had a great experience, whether you were a student competitor, state officer, advisor, or a business partner. New and exciting things are starting for SkillsUSA Utah! We would like to introduce the Official SkillsUSA Utah Alumni and Friends Association! We need your help, your dedication, and your passion for SkillsUSA.

If you have any questions or are interested in joining our SkillsUSA Utah Alumni and Friends Association or know of anyone interested, please contact us at utahskillsusa@gmail.com.

CHAPTER OF THE MONTH *Dixie High School- St. George*

Advisors: Jeremiah Herron and Craig Milligan

The Dixie High SkillsUSA chapter is strong with around 40 members. We like to have lunch meetings monthly and topics range from contest prep, to Angel Tree (our service project), to just social get togethers.

This year our president team is made up of Junior President Sam McConnell, Junior VP Kaitlyn Evans, and Senior Secretary Mat Rugner. We are looking forward to the Angel Tree project coming up this December where we hope to top the \$10,000 we made last year to help 100 Kids in the community have a great Christmas. After the new year we will turn our focus to the state contests and, of course, putting our best foot forward for the Cecil Sellers Spirit Award.
