

**SKILLSUSA UTAH  
WHITELIST LETTER  
2024**

Dear School IT/Network Administrator,

SkillsUSA Utah is pleased to be able to offer the SkillsUSA members opportunities to participate in many activities and events, including our competitive events. Many events and learning resources will be provided in a digital format to continue to meet the needs of our advisors (teachers) and students. To support the delivery of the online materials and events, SkillsUSA and SkillsUSA Utah have partnered with a few platforms.

These platforms give advisors (teachers) and students access to their membership benefits, learning management systems, competitive event content, and more. To provide students with their respective content access, SkillsUSA Utah relies on the delivery of an authentication email to the email address on file for each member. While SkillsUSA Utah, SkillsUSA, and local advisors make every attempt possible to collect personal email addresses for each of our members, we often find that the email address supplied for a student is a school-hosted email address on their district's domain.

To ensure that our members receive authentication emails, we ask that the following domains be whitelisted on your network to allow incoming emails to be delivered to our student competitors.

utahskillsusa.org	skillsusa.org
skillsusa-register.org	myabsorb.com
amazonses.com	skillsusalms.org
SkillsUSAUtah@skillsusa-register.org	proprofs.com
director@utahskillsusa.org	finance@utahskillsusa.org
info@utahskillsusa.org	contests@utahskillsusa.org
stateofficers@utahskillsusa.org	media@utahskillsusa.org

Additionally, SkillsUSA Utah uses GSuite and Microsoft OneDrive, which includes Google Docs, Google Forms, Google Slides, Microsoft Online Excel, and Microsoft Online Word programs. Students and advisors may need to access links to these applications to participate in our events.

If you need more information, please contact the Executive State Director, Nathan Pickett, at [director@utahskillsusa.org](mailto:director@utahskillsusa.org) or 385-336-7151.
